# ZENMUSE V1

Reach Loud and Clear

Zenmuse V1 is DJI's first speaker designed for multi-payload drone platforms, compatible with Matrice 350 RTK and Matrice 300 RTK. It boasts high volume and long broadcast distance, and supports multiple broadcast modes, making it ideal for scenarios like public safety, emergency rescue, and more.

### Multiple Broadcast Modes

- Record & broadcast
- Text-to-speech
- Audio file playback

### Powerful Sound, Extended Reach

- 127dB@1m max sound pressure level
- 500m effective broadcast distance

### Clear, Directional Recording

- Directional recording and environmental noise cancelling effectively minimize noise interference.

### Precise Control, Targeted Broadcast

- Synchronize with other gimbal-equipped payloads to achieve coordinated tilt angles.

### Reliable and Intuitive

- Multiple protection mechanisms for temperature, overcurrent, and power
- Hearing protection with pop-up reminder in the app
- IP54, -20° to 50° C (-4° to 122° F) operating temperature
- Supports remote controller shortcut

### Flexible Mounting, Lightweight Build

- Can be mounted on any gimbal connector
- Weighs only 0.69 kg

* All data was tested in a controlled laboratory environment. Actual experience may vary. For more details, refer to the product page on the official DJI website.
